

## **December 31, 2024, YOYO (You're On Your Own) Hike**

Just like all our December hard hikes, the last scheduled hike of the year is on your own. It doesn't have to be taken on New Year's Eve (the usual last Tuesday of the month hike schedule). The YOYO hike lets you adjust the outing to fit your own holiday schedule. Pick a new route or a favorite old trail; just get out sometime in late December and trek through the great outdoors.
